Beyond a Seat at the Table

What Happens After Families Speak?

Fictional demonstration of the recommendation-and-response process

1 FAMILY INQUIRY

Does transportation prevent some students from joining real-world learning?

2 RECOMMENDATION

Review comparable access data; test feasible scheduling or transportation alternatives.

3 DECISION / RESPONSE

Decision pending. Ask the authorized office for a written response and named owner.

4 MEASURABLE FOLLOW-UP

Track participation and completion, barriers, and whether institutions report back.

FIVE COMMITMENTS BEFORE AN ACTION IS LABELED READY

- Documented need
- Verified decision-maker
- Implementation lead
- Confirmed resources
- Report-back date

REO SUPPORTS IMPLEMENTATION: match verified needs to partners and resources. The institution retains decision authority.
